

ERS Signs Agreement With Companies Registry Office in Ireland to Deliver New Registry Technology

March 7, 2018

REGINA, Saskatchewan , March 07, 2018 (GLOBE NEWSWIRE) -- Information Services Corporation (TSX:ISV) ("ISC" or the "Company") is pleased to announce that its wholly owned Irish subsidiary, Enterprise Registry Solutions Ltd. ("ERS"), has signed an agreement with the Companies Registry Office ("CRO") in Ireland to replace and support all of its registry systems with the RegSys platform.

Jeff Stusek, President & CEO of ISC commented, "When we acquired ERS in January 2017, we did so because we anticipate that the market for registry opportunities will continue to expand. This, along with last week's announcement regarding our agreement with the Province of Nova Scotia demonstrates not only that the market is developing but also the strength of the RegSys platform. The Companies Registry Office in Ireland has elected to continue its long-standing relationship with us and we value their confidence in the ERS team and the RegSys solution."

The CRO is the central repository of public statutory information on Irish companies and business names and has been a client of ERS since 2002. Once the implementation of RegSys is completed towards the end of 2019, CRO customers will benefit from an enhanced customer experience while CRO employees will realize improved workflows and processes as a result of RegSys' advanced back office capabilities.

RegSys is a multi-register platform that delivers the flexibility, scalability and features that enable public sector organizations to deliver enhanced services to businesses and citizens. With a full suite of integrated modules which provide core functionality for submission, enforcement and enquiry processing, RegSys delivers solutions enabling the provision of core services to citizens in a user friendly, efficient manner across multiple access points. The RegSys solution has also been used to manage other legal registers such as intellectual property, securities, licenses, charities, UCC and pension schemes.

For sales inquiries or to a request product demonstration of the RegSys platform, please visit www.ersl.ie or contact:
